

The New Hampshire

Vol. No. 37 Special Edition Z413

UNIVERSITY OF NEW HAMPSHIRE, DURHAM, NEW HAMPSHIRE, JANUARY 29, 1948

PRICE THREE CENTS

ADAMS NEW PRESIDENT

Trustees Name Seeley Temporary Executive

Concurrent with the announcement of the appointment of Dr. Arthur Stanton Adams as the new president of the University, Frank W. Randall, President of the Board of Trustees, also announced the following plan of operation for the University:

1. Dean Seeley will assume the position of Executive Officer and shall be responsible to the Board of Trustees until Dr. Adams assumes his office.
 2. The present Advisory Administrative Committee, as now constituted, will continue its present functions.
- This plan of operation has been put into effect in order to maintain the smooth operation of the University until the new president is able to assume his duties.

Restore Normal Pattern

As Mr. Randall stated in his announcement: "It is the intention of the Trustees to restore at once the normal pattern of University operation. It is the expectation that current planning for the progress and development of the several parts of the University shall not be delayed or withheld. The Trustees pledge every effort to maintain the present momentum in University improvement."

The difficulties which have faced the University in this present period of expansion have been exceedingly complex and extensive. The authorization of such a plan of operation as has been instituted by Mr. Randall and the Board of Trustees is of invaluable assistance to those charged with administering the activities of the University.

Plan Essential

Because Dr. Adams will find it impossible to assume his office for several months, a plan of operation was both imperative and essential in order to continue the work of expansion which is at present characterizing the activities of our University.

The appointment of Dean Seeley to the position of Executive Officer is particularly suitable in view of Dean Seeley's previous experience in the administration of University affairs.

Mr. Randall also stated in his announcement that "the cooperation of the staff has been particularly appreciated during the difficult period just passed. I am sure the Trustees can count on your continued cooperation with Dean Seeley as executive officer to the end that the institution will be prepared to meet the opportunities that lie ahead under the leadership of Dr. Adams."

Outing Club Reveals Sculpture Regulations

The Outing Club announces the following rules for Carnival Snow Sculptures.

1. The theme is to be Winter Olympics, but any winter activity is a suitable subject.
2. Sculptures will be judged on article effect, neatness, good workmanship, and originality.
3. Any props, lights, or coloring material may be used.
4. The use of ice is prohibited, unless we have a thaw.

As soon as any dormitory or house has decided on its subject it should notify Jean Grace at Chi O.

The judges will be Mrs. Schier, Mr. Walsh, and Mr. Curtis. There will be two prizes; one for men's dormitory or house sculpture, and one for women's dormitory or house.

Winter Carnival Ski Events Ready for Student Entries

All people entering in the ski events of the Winter Carnival who reside in dormitories will sign up for their events on the sign-up lists now posted in the dorms.

They should indicate the type of event they wish to enter, and they will represent the dormitory that they sign up for.

Fraternities and sororities should contact their house presidents on signing up for ski events.

All skiing events will be run off on an internural basis, with house prizes and individual prizes for stop winners.

Industrial Relations Group Hears Seeley at Dover

Speaking on the subject "Arbitration, and its Value in Settling Labor Disputes", Dean Seeley of the College of Technology was the guest speaker Tuesday, January 20, before the Institute of Industrial Relations at St. Joseph's Church in Dover. Speaking on the same subject, he addressed the Institute's Labor School in Keene on January 27.

There was a young man from Blaw Who held subsistence increases in awe. Said he, "I'm alive With a hundred and five, 'N you get six-five, so why jaw?" L.F.R.

"Duty to God" Theme Of Fr. Bonn's Talk

Reverend Father John L. Bonn, S.J., of Boston College advised four hundred members and friends of the Newman Club Sunday morning that "we, as Americans, are undefeated by any foreign ideology and can remain undefeated if we remember that our primary duty is to God."

Father Bonn, speaking on the occasion of the 13th annual Newman Club Communion Sunday breakfast, reminded his audience that the lack of morality in everyday life carries more dangerous implications than any atomic bomb. He also spoke out against so-called "liberalism", saying that it is "an attitude wherein nothing matters not even God himself".

Preceding Father Bonn's address, Toastmistress Ramona Cabrera introduced Mr. Frank W. Randall, President of the Board of Trustees, who took the occasion to make the first public announcement of the appointment of Dr. Adams as the new president of the University.

The Honorable Charles M. Dale, Governor of New Hampshire, also spoke briefly to the audience.

Vocal entertainment for the affair was supplied by Miss Patricia Gorman, who sang "The Beatitudes", and by Miss Norma Farrar, who rendered the Bach-Gounod "Ave Maria".

The closing address was delivered by the Most Reverend Matthew F. Brady, D.D., Bishop of Manchester, who warned that "Communism has nothing to offer the world but enslavement". Bishop Brady urged his hearers to have "Faith" and said, "we cannot wait for scientific experiments to prove the existence of God. We must have faith and hold to it."

The breakfast program was concluded with a spontaneous round of applause given to Reverend J. Desmond O'Connor for his untiring work with the Newman Club.

Notices

Train 23, leaving Boston at 9:30 p.m., will stop at Durham on February 8 and March 28 for the convenience of students returning to the University. Coach accommodations will be available on both trains.

NOTICE

Due to the pressure of exam week, there will be no issue of The New Hampshire next week, Feb. 5, 1948. The next regular issue of the New Hampshire will be on Feb. 12, 1948.

SENIORS

All seniors who wish to purchase class rings, please contact Robert Davis at Theta Kappa Phi (283).

LOST

Lost—a woman's gold Bulova watch with gold strap last Sunday morning, Jan. 25 between Rosemary Lane and the College Pharmacy. Name on back. Please return to Sylvia MacIntyre, Brook House.

Photo Contest

Durham Notch Hall announces a photo contest beginning on Monday, Feb. 9. Pictures of campus and campus life will be accepted at the director's office. Please write name and address on the back of each print entered.

Scientist New Leader To Succeed Stoke

Dr. Arthur Stanton Adams

Mike and Dial Gives Invitations to Sixteen

At a meeting on January 16, the following people were extended invitations to become members of Mike and Dial: Dennis C. Lynch, Ray W. Miner, Jr., Vernon L. Ingraham, Robert L. Young, Richard G. Rosek, Joseph Z. Baghdasarian, Robert A. Langelier, Frederick P. Browning, David B. Watson, Harold W. Adams, Marion N. MacLane, Phyllis M. Henry, Nelson S. Morin, John I. Garside, Jr., Ernest M. Hurst, and Allen R. Warrington. These people were chosen on the basis of their interest in the club and on their cooperation.

On January 23, officers were elected for the next two semesters. Frank Blair remained in his position as Program Director and Philip Shulins was re-elected Chief Engineer. The new officers are: Production Manager, Allen Warrington; Dramatics Director, Betsy Howard; Publicity Director, Caroline Porter; Business Manager, Phyllis Henry; Sound Technician, Fred Browning; Script Director, Hal Adams; and Chief Announcer, Dick Rosek.

The next meeting will be held at 4 p.m. on February 13 at the Mike and Dial Radio Workshop in T-Hall. Any students interested in the club are welcome to attend.

College Road News

by Joyce Whedon

Veterans Commissary, Inc.

The annual mass meeting of the members of the Veterans Commissary, Inc. will be held at 7:30 p.m. in Murkland Auditorium, on February 13, 1947.

The report of the Board of Directors will be given. Directors for next year will be nominated for election.

Couples Club

It is undecided whether the Couples Club will meet next Sunday, exam week, but watch for notices posted in buildings throughout the campus.

Campus Wives Club

A meeting of the Campus Wives Club is scheduled for February 9, 1948, at 8:00 in the Alumni Room of New Hampshire Hall. Albert Johnson will speak on "Lost Boundaries", and re-

(continued on page 2)

Former Cornell Provost Will Assume Duties At UNH in Few Months

Appointment of Arthur Stanton Adams to succeed Harold W. Stoke as president of UNH brings a scientist to the leadership of the institution for the first time in its history.

The ten predecessors of President-elect Adams have been men of varied backgrounds, but all were trained primarily in the arts or in agriculture rather than in technology or science.

Dr. Adams' background in physics, metallurgy and mechanical engineering has been supplemented generously, however, with experience in educational administration.

He comes to New Hampshire from Cornell University where he has served as provost since 1946. Cornell trustees accepted his resignation on Saturday, Jan. 24, leaving him free to take the presidency of the Granite State's University. From 1940 to 1942 Dr. Adams served Cornell as Assistant Dean of Engineering and as director of its Engineering, Science and War Training program.

He was called to Washington in 1942 and served there with the Navy for three years. As an officer in the Bureau of Naval Personnel he directed the Navy V-12 training program.

Mr. Randall revealed that the new president will assume his duties at Durham "in a few months", as soon as his present obligation at Cornell can be fulfilled."

Dr. Adams is a native New Englander, having been born at Winchester, Mass., in 1896. He graduated from the U. S. Naval Academy in 1918 and was on active duty with the navy until 1921.

His major educational experience was obtained at the Colorado School of Mines and at Cornell. In Colorado he taught metallurgy, mathematics and mechanics from 1927 to 1940. He served also as assistant to the president of the school from 1938 to 1940. He moved to Cornell in 1940.

Following his four years active duty with the Navy, Dr. Adams returned to Cornell as Provost, a position to which he had been elected while still in the Navy.

Dr. Adams' advanced studies have been in the field of physics and metallurgy. He holds the degree of Master of Arts from the University of California, awarded to him in 1926, and the degree of Doctor of Science, conferred upon him by the Colorado School of Mines in 1927.

He is the author of two books, "The Development of Physical Thought," (continued on page 2)

Toby Moscovitz Elected President of Student Gov't.

At an emergency election held by the Association of Women Students on Thursday, Jan. 22, Toby Moscovitz was elected president, and Joyce Mitchell, vice president. These girls will serve as officers until regular elections are held in March.

Due to an omission in the voting list, a revote on the Senior members was held on Tuesday under T-Hall arch from 10 to 3 p.m. Candidates were the same as posted before.

GRANITE PICTURES

Informal pictures are urgently needed for the yearbook.

Please forward yours before Tuesday, February 3, to the GRANITE office, Ballard Hall. Write your name and address on the back. Used pictures will not be returned.

Remember, it's your yearbook.

Greek World

By Elaine Nordholm and Bob Crory

Only one more week until vacation, that is, if you can make it through exams, and if you're fortunate enough to have a half-decent schedule. . . . We're no critics, but the first of last week's Mask and Dagger productions was a little over- (or under?) dramatized. The other two were very entertaining, especially "The Devil and Daniel Webster" in which **ATO's** Frank Robie was terrific as the Devil. . . . While we're being critical we might as well voice our disapproval of the pathetic music sported at Halo Hop Saturday. . . . Ralph Mosher **Phi Mu Delt** should be wearing a Bob Hope smile from now on after winning that gleaming new bike in the Tek toothbrush contest. Another **Phi Mu Delt** prize winner, and the pride of the Junior Greeters, is Ray Miner, who came in second in a contest conducted by the Junior Hotel League in which students from six colleges participated. Nice going, Ray. . . . **Theta U** bids farewell to its President, Rae Cabrera, who leaves us next week to practice teaching in Manchester Central. Good luck Rae, and don't be too hard on 'em! Our deepest sympathies go to **Theta U's** Reetie Jordan during her recent bereavement. . . . New **Theta U** pledge officers are: Pres. Midge Holmes, Vice Pres. Mary Beth Noyes. . . . **Chi O's** pledge officers are: Min Neville, Pres., Ginny Grider, Sec., and Pat Wood, Treas. . . . The **Pi K A's** broke all record Saturday night when they stayed home and enjoyed a quiet (?) party. Their new pledges are Euclid Boucher, Fred Carlin, Fred Dederick, Charles Farnham, Albert Fisher, Hadley Gadbois, Bernard Goldsmith, Richard Ladd, Robert Lamb, Clinton Mack, Maurice Ross, Richard Stearns, Joseph Sulham, Harry Thorpe, Robert Thurston, and Irvin Williams. . . . Rose corsages for each girl in **Alpha Xi** accompanied the announcement of the engagement of Barb Nylen and Burt Nichols. . . . The Zoo extends thanks to **Theta Chi** for a terrific moonlight skating party. . . . Predictions of things to come: Watch **Theta Chi** for a big announcement. What it is even we don't know. . . . "Sissy" Herb Stebbins has retreated from **Theta Chi's** deck to the warmer Memorial Room. . . . **Sigma Beta** apparently has all fronts covered with Arnie Hanson in politics as President of the Young Republicans Club. . . . Our sincere hopes to **Phi Mu Delt's** Bob Handy for a speedy recovery. Bob can be reached at the Portsmouth Naval Hospital. . . . Department of faithful pledges-A blue ribbon to Bill Metcalf, who, it is reported, is so faithful about wearing his pledge pin, that he adorns his pajamas with said pin when hitting the sack. . . . **Kappa Delt's** who are engaged are: Dottie Mills to Bill Pariseau of Manchester, N. H., and Sylvia Fitts to Forbes Getchell of **Phi Mu Delta** both '47 graduates.

Due to an increase in academic activities and in order to give more women a chance at Crory, Elaine is bequeathing the Greek World to one of her sorority sisters. It's been great working with you Elaine, and we know your successor will keep up the good work.

SCM Inaugurates Used Book Service

Do you have any books you want to sell? Or would you rather buy a second-hand book than a new one? To facilitate the transactions the Christian Community Responsibility Commission of the SCM has installed a second-hand book service. Those having books to sell should go up to the SCM office and sign on a list their name, address and book. Then those wanting to buy books can upon looking at the list find out who has the books they want and then carry on their own bargaining. The advantages of such a system over selling to and buying from an agency which pays little and charges more are obvious. This plan has been carried on successfully by the Student Council at Harvard for several years and it is hoped that UNH students will take advantage of the opportunity.

CAA Now Offers Openings in Alaska

The Civil Aeronautics Administration has openings for a number of qualified single men as aircraft communicators in Alaska. Starting at \$3,306 a year, applicants will have a chance to promote to the jobs paying up to \$5,656 a year. Additional earnings are possible in all grades through authorized overtime beyond the 40 hour week, and through a 10 per cent differential. Basic qualifications for the jobs are: the ability to transmit and receive International Morse Code at a minimum speed of 30 words a minute; the ability to type 35 words a minute; and 18 months of aeronautical communications experience or an acceptable equivalent in education and experience. Applicants other than veterans must be between 18 and 40 and in good health, particularly in regard to hearing, vision, and speech.

Applicants should send Form 57, which is the standard application for Federal employment obtainable at most post offices, to the C.A.A., Aeronautical Center, Box 1082, Oklahoma City, Oklahoma.

Several weeks of orientation training will be given to the appointees at the C.A.A. Aeronautical Center in Oklahoma City before they travel to their points of assignment in Alaska. They will be expected to remain in government service in Alaska for at least 12 months following their appointment.

Wallace Conclave in Boston on Feb. 14

On Saturday, February 14 there will be a "Students for Wallace" Conference in Boston at which thirty New England colleges will be represented. A bus will leave Durham at 9:00 a.m., and all interested are urged to contact one of the following people: Harold Horne at Gibbs, Gil Gredler at Fairchild, or Carol Kurtz at Scott.

Mr. Wallace has been contacted, and there is a strong possibility that he will address the group. The Conference will be called to order at 11:00 a.m. when election of officers will take place. Following the election, there will be a discussion period where the role that students can play in Wallace's campaign will be taken up, and reports on what has already been done will be given. Following the Conference an evening of entertainment has been planned, highlighted by a Yale minstrel group.

The local "Students for Wallace" committee has been active for two months. One leaflet, "Wallace Speaks on Student Civil Liberties," has been distributed, with more material on Wallace and his platform being prepared for future use. Research material for a possible student program was gathered by New Hampshire students, and after the Conference, a news letter will be distributed concerning the events and the decisions of the group.

Accommodations for those wanting to remain in Boston overnight will be available, and all planning to go should make arrangements before February 9. Cost of transportation is \$1.10 and the registration fee is \$1.00.

Skiers Win Downhill At Vermont Invitation

Last Saturday at Underhill, Vermont, the UNH skiers edged out Dartmouth, Middlebury and Vermont in the downhill races at U.V.M.'s Eastern Collegiate Invitation Meet.

The teams competed on the steep, treacherous Tear Drop Trail on Mount Mansfield in sub zero weather. Oliver Cole of UNH finished second to Tor Arneberg, Dartmouth student from Norway whose time was 1:14.7.

In the afternoon slalom Middlebury downed Dartmouth, UNH and Vermont in that order with Henderson winning in 1:47.2 while Dartmouth's Tom Tomasi placed second.

Other UNHers who finished in the downhill were: James Bailey and Maurice Willey who tied for 6th and John Hibbard who finished 9th. Bailey finished fifth for the Wildcats in the slalom, while Oliver Cole wound up seventh.

Downhill Team Standings	
New Hampshire	99.0
Dartmouth	98.4
Middlebury	97.1
Vermont	88.4
Slalom Standings	
Middlebury	95.9
Dartmouth	91.3
New Hampshire	86.61
Vermont	84.2

Other Ski News
At Pontresina, Switzerland, in the pre-Olympic ski competition Ralph Townsend finished 32nd in the men's downhill race behind Eriksen of Norway. The winner was clicked at 1:29 over a 2000 meter course with an altitude drop of 600 meters. The standings were unofficial due to a protest over the timing by the United States.

BU Terriers Hand Rinksters 6-4 Loss

Last Saturday at Lewis Field the Varsity hockey team lost its fifth game in seven starts but not before holding the powerful Boston University Terriers to a close 6-4 decision. The visitors outstanding scoring threat was Dana Hixon but he was badly shaken up by the brusing checking of Tom Kelly and so the New England Loop Leaders were very much extended.

Bill Forbes notched three of the UNH goals with the help of MacDonald and Kelly. The Terriers leading scorer was Robinson who notched two tallies.

With UNH behind 3-2 as the third period started the Terriers rang up three tallies to ice the game. But Pappy Comings, also a famous football halfback, notched a goal and Forbes turned the hat trick with only seven seconds left in the game when he made the score respectable.

Winter Tracksters Win Over Bates

Paul Sweet's 1948 winter track aggregation opened their season with a resounding 65-52 win over Bates College at Lewiston, Maine, last Saturday. First places were evenly divided with the Wildcats outdone 7-6 by the host team.

Ed Styrna of the Wildcats threw the hammer 52 feet 9½ inches and also won the Discus with a toss of 124 feet 6½ inches. Lopes of the Wildcats won the 40-yard dash in 4.7 seconds with Pritchard and Barndollar right behind him. Barndollar won the 45-yard hurdles in 5.9 seconds with Gray finishing up third. Gamble won the high jump with a leap of 5 feet 10½ inches while Lopes also took the Broad Jump with a distance of 21 feet 4 inches.

Sawyers of Bates won the 300 and 600 yard runs while Horne captured the 1000 and the mile run. With a time of 10:15.5 Mahoney of Bates captured the two mile while Mitchell of the Maine club won the shotput. Curtis took the polevault with a leap of 10 feet 6 inches, a long call from the records of Boo Morcom last year.

Better to be beaten than to be in bad company.

The New Hampshire

Official Undergraduate Newspaper of the University of New Hampshire

Published weekly on Thursday throughout the school year by the students of the University of New Hampshire.

Entered as second class matter at the post office at Durham, New Hampshire, under the act of March 3, 1879. Accepted for mailing at special rate of postage provided for in section 1103, act of October 8, 1917. Authorized September 1, 1918.

Welcome, President Adams!

Last Saturday's long-awaited announcement that the presidency of the university had been filled was greeted by relief and restrained rejoicing. President Adams will, we are sure, receive a warm welcome and willing cooperation from faculty and students.

No president of any institution, no matter what his ability or experience, can be expected to accomplish even minor miracles without the aid of his associates. And no institution, even UNH, is so perfect that it could not profit by a few minor miracles.

We do not say that we are asking for miracles from our new president, but we are asking for the cooperation which will enable him to fulfill his office.

We hereby extend a vote of thanks to the trustees for the great amount of time and work they have devoted to the University in the absence of a president. We trust that their judgment has been wise and the University well served.

NEW PRESIDENT

(continued from page 1)

and "Fundamentals of Thermodynamics." He also has written numerous articles for technical and scientific journals.

Dr. Adams holds honorary degrees from six colleges and was awarded the Legion of Merit for his war services. The citation says, in part: "You were a central figure in planning and administering the Navy V-12 program, under which more than 150,000 officer candidates were enrolled in colleges and universities and more than 50,000 were qualified for commissions during the war."

Dr. Adams is married to the former Dorothy Anderson. They have one son, John Stanton Adams, now a student at Colorado University.

COLLEGE ROAD NEWS

(continued from page 1)

freshments will be served after the meeting.

College Road Residents Organization

There will be a meeting of the organization in the second week of the second semester, details of which will be given later.

All College Road residents who own cars are asked to park them as near to the buildings as possible so that a wide path may be plowed in the courts.

The service department is working on securing storm porches for the apartments, but no definite date for installation has been given as yet.

Letter to the Editor

Sir:

The letter this week, written by Mr. Mazeau, proved to be quite interesting to me since I have found that with the general increase in price levels and specifically the recent increase in cost of meal tickets, it has been impossible to get by on the subsistence checks we receive monthly. I just wondered, therefore, whether Mr. Mazeau had failed to consider the fact that being a wounded vet he is picking up quite a few extra dollars both in the form of pension and the larger subsistence checks that go to students on PL 16.

To date, I haven't held any resentment toward the disabled vets, but when they start to say we are wanting these extra funds only to support the girl friend and sporty cars, it rather makes me wonder what channels these fellows have directed all the money they get that they don't (by their own admission) need for the basic needs.

Not trying to be trite, but maybe it wouldn't be a bad idea if someone put "Madman" back into his cage before he has the college back to its pre-war level of 1500 students.

Herbert Verry

Letter to the Editor:

To the Editor:

Sir: We are among the many ice skaters who are grateful to Theta Chi for their generosity in opening their skating rink to the general public, day and night. In the absence of other skating space in Durham, this has been an important contribution to the community.

G. Vernon Getty

G. H. Daggett

Letter to the Editor:

To the Editor,

Much as I hate to disturb student dreams of inexhaustible relaxation starting February 9, as illustrated by the reclining Cat in your cartoon of January 22, students should realize that the new attendance rules cannot be accurately described as permitting unlimited cuts. The new rules provide that: "Every student is expected to accept the responsibility for satisfactory attendance in each course for which he is registered. Occasional absences from lectures and recitations are not specifically penalized. Any student, however, who by frequent unexcused absences shows that he cannot accept this responsibility for attendance renders himself liable to disciplinary action."

It is the expectation of the faculty that the new rule will not result in any appreciable increase in cutting.

Everett B. Sackett

Dean of Student Administration

Dr. Brown, UNH Alumna, Publishes Volume on Law

Dr. Esther Lucile Brown's book, "Lawyers, Law Schools, and the Public Service", was published on January 26.

Dr. Brown is an alumna of the University of New Hampshire, and was for several years assistant professor.

Press Club Schedules Boston Editor

Roland J. Sawyer '34, American editor for the Christian Science Monitor, will return to UNH on Thursday, Feb. 12, to deliver the third in a series of lectures sponsored by the Press Club.

Sawyer, a newspaperman since his graduation, has had experience on both New Hampshire and Massachusetts papers and recently returned from Germany, where he was under assignment for the Monitor.

He will speak at an open meeting of the Press Club in the Trophy Room at 7:30 o'clock.
